The Sunapee Region...

Where Community and Culture Meet

The Sunapee Region, nestled between two of New Hampshire's prime cultural hubs—the Upper Valley and Monadnock Regions—is home to numerous arts and cultural assets that constitute a robust arts community. These vibrant cultural institutions—many of which are "hidden gems"—make the region a distinctive destination for tourism, and create a richer quality of life for area residents. The region boasts top-notch music, dance, theater, literary and visual arts, alongside gorgeous lakes, mountains, outdoor recreation, and authentic New England culture. All of these opportunities to gather and share cultural experiences help communities thrive, spur the local economy, and make the region an ideal place to live and work.

Though each of the towns within the region has its own artistic voice, an overarching set of community values unites them. While many residents find their way to the area to experience the stunning natural beauty and opportunities for outdoor recreation, it is the way the Arts foster a sense of community that invites them to stay for a lifetime. The community celebrates and supports its artists and cultural organizations, as they contribute to a unique sense of place, and in turn, these artists and institutions provide ample opportunities to connect with neighbors, forge new friendships, and welcome both residents and visitors.

The HeART of the Arts Atlas:
An Invitation to Discover

The Sunapee Region Arts Atlas seeks to illuminate the abundance of exceptional arts and cultural assets that are interconnected throughout the greater Lake Sunapee region.

The project is an initiative of the region's Arts & Business Alliance—a coalition of area arts organizations, businesses, and community leaders that focuses on creating arts and business partnerships to boost the local economy. The primary work of the group is developing synergistic relationships among businesses, arts organizations, individual artists, and the general public, with specific benefits to each.

The Sunapee Region Arts Atlas is created by the Arts & Business Alliance under the shared leadership of:

Center for the Arts! Lake Sunapee Region · Lake Sunapee Region Chamber of Commerce · Library Arts Center Gallery & Studio

The Arts & Business Alliance is grateful to the project's generous supporters.
